Search Options

Search By:

Assessor Parcel Number (APN) – Use the standard 9 digit format without any dashes.

Parcel Address – Use the parcels full address including street direction if applicable. For parcels that have a unit number, include ‘#’ before the number i.e., 100 N MAIN ST #101.

Building Address – use the same method as the parcel address search.

Zoom in Selected Feature from Search

Upon a successful search the feature data will be presented in the upper left above the map contents. Right click on the feature and select 'Zoom to'; the map will adjust the display to be centered on the feature.

NOTE: if you have an older browser you may need to refresh your screen before the 'Zoom to selected feature' will display.
