Applicant:

Name: City of Corona
Street Address: 400 South Vicentia Avenue
City/State/Zip: Corona, CA 92882
Contact: Mr. Khalid Bazmi, Principal Engineer

Consulting Firm:

Firm Name: RBF Consulting
Street Address: 14725 Alton Parkway
City/State/Zip: Irvine, CA 92618
Contact: Mr. Bruce R. Grove Jr., REA, CEI

The City of Corona will be the Lead Agency and will prepare an Environmental Impact Report (EIR) for the project identified below. We need to know the views of your agency as to the scope and content of the environmental information, which is germane to your agency's statutory responsibilities in connection with the proposed project. Your agency will need to use the EIR prepared by our agency when considering your permit or other approval for the project.

A copy of the Initial Study is attached. The Initial Study provides additional information regarding the project, including a project description, location, and a summary of potential environmental effects.

The NOP/Initial Study will be available for public review and comment for 30 days, commencing June 11, 2007 and ending July 10, 2007. Written comments on the NOP/Initial Study must be submitted to Mr. Khalid Bazmi at the address listed above by no later than 5:00 p.m., July 10, 2007.

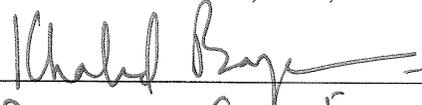

Project Title: Foothill Parkway Westerly Extension Project

Project Location: Foothill Parkway between Skyline Drive and Green River Road, in the City of Corona, County of Riverside

Project Description: The proposed Foothill Parkway Westerly Extension project is located in the southern portion of the City of Corona along the base of the Santa Ana Mountains and would involve the extension of Foothill Parkway as a four-lane roadway, from approximately 500 feet west of Skyline Drive to Green River Road. At Skyline Drive, the roadway would veer to the west into unincorporated Riverside County and continue in an east/west direction along the City/County boundary. The alignment would then curve to the north and connect with Green River Road in the vicinity of Paseo Grande. The project is being designed to protect the existing 108-inch Metropolitan Water District feeder line located approximately 500 feet east of Paseo Grande. Roadway improvements would require right-of-way acquisition for new landscaping, curbs, shoulders, travel lanes, and landscaped medians. The proposed project also includes up to three new signalized intersections.

Public Scoping Meeting: A public scoping meeting for this project has been scheduled for June 28, 2007, at 6:30 p.m. The meeting will be held at the City of Corona Public Library, located at 650 South Main Street, Corona, California.

Date: June 8, 2007
